535 Glencoe Ave - House & Cat Sitting Guide

Thanks so much for doing this, we really appreciate it. Here's everything you should need for the week. If anything comes up just call or text us.

Cats

Kiki & Kia

They get fed in the morning and before bed, 1/4 cup in each bowl. Food is in an old kitty litter container in the coat closet. The measuring cup is on inside on top of the food.

The litter box is in the closet in the blue room. We scoop it every couple days.

Kia is really shy, so she might not come out much while you're there. She'll probably be hiding in the couch in the living room. She comes out at night while you're sleeping to eat and drink. If you give her space she might get more comfortable with you.

They're kind of pukey when they eat too fast, so you might have to clean up a little cat vomit here and there. The carpet spray is under the sink with the rest of the cleaning stuff. If we have Spot Shot, that works the best.

Our vet is Cedar Valley Veterinary Center, 1703 State St, Cedar Falls, IA 50613, (319) 277-4564.

House basics

Wifi network name is "tell my wifi love her" and the password is 3194935283.

The thermostat is on the wall by the entrance to the living room. We keep it set at 76 but it'll actually run about 4 degrees colder than that because of the dehumidifier in the AC. There's also a regular dehumidifier in the sun room, it'll probably need to be dumped out about once a day. You can just dump it outside in the grass.

Hopefully you won't need to know this, but the water shutoff and the water heater are both in the coat closet by the front door. The breaker box is in the garage above the freezer.

Trash goes out to the curb on Thursday and gets picked up Friday morning.

While you're here

You don't have to stay home the whole time, feel free to go out for the day. The cats don't need constant monitoring.

Eat and drink whatever you want including alcohol, there's a lot of frozen food in the freezer in the garage too. You can also partake in any weed in the one hitter or out in the sunroom.

If you get a chance, check on the tomatoes and peppers in the garden. If

anything looks ready, pick it, wash it, and either throw it in the freezer or eat it if you're hungry.

We've got old and newer game consoles, some in the TV stand in the living room and some in the cabinets in the office. Board games are in there too. Feel free to use the computer too, we've got a lot of games on Steam. The password is 7170. To turn off the wallpaper (it's loud), right click the icon in the tray on the lower right and turn it off from there.

I unplugged the robot vacuum so it won't randomly turn on, don't worry about it. There's a regular vacuum in the coat closet if you need it.

Toilet paper and paper towels are in the cabinet by the shower in the bathroom.

Laundry stuff is in the lower cabinet between the cabinet and the fridge.

It's okay to smoke in the sun room as long as it's not cigarettes, just make sure all the doors to the house are shut.

We know some of our neighbors a little. David Gentle lives in the brick house next to us on Glencoe. Melissa is our other neighbor, we share a fence with her. Another Melissa and David live in the blue house across the street.

In the shower left is hot, right is cold. If you have too much cold the hot water will shut off and you'll need to run the sink in the bathroom to restart it.

Restaurants nearby (walkable)

Golden China, 2108 Kimball Ave: Good Chinese food, pretty fast. They only really do takeout. There's a bakery next to them called Bambinos that does really good cookies. We've got a menu in the junk drawer by the fridge.

La Cava, 126 E Ridgeway Ave: Really good Mexican restaurant. The food is good and the portions are large.

Sub City, 3045 Kimball Ave: Best sub sandwiches in the city. Definitely has a "never left the 90s" vibe and the sandwiches are amazing. They cut the meat and cheese right in front of you.

Troy's Sandwiches, 3146 Kimball Ave: I've never been but I've heard a lot of good things. Sounds like it's a little pricey but worth it. They're also right next to Blondie's, which has ice cream and brownies.

Thanks again, have fun and enjoy the house!
